What do we do?

The Project Advisory Group and Trowers & Hamlin help clients create and deliver digital infrastructure projects by providing comprehensive advisory and transactional solutions. Working together, we provide commercial, technical, financial, procurement and legal services that wrap every element of the project life-cycle from strategy creation through to the end of the contract term and beyond.

Joined up and delivering value

Working as one team, service delivery is seamless and our clients have a single manageable point of contact. We focus on value creation – optimising commercial arrangements and delivering value for money.

How could we help you?

IN LIFE

- Review of ongoing and legacy publicly funded broadband projects
- Closing contracts
- Value for money assessment
- Project assurance
- Recovery of funding/gainshare and reinvestment opportunity creation

How much gainshare funding are you due from BT?

CURRENT OPPORTUNITIES

- Strategy development for investment in fibre and 5G
- Asset audit and portfolio creation
- Development of business case
- Identifying/applying for funding
- Technical appraisal, design and development
- Procurement and project delivery

£65m UK5G call for projects and innovation in 5G

THE FUTURE

- Preparing for the DCMS £5bn investment to Full Fibre and 5G
- Authority level strategy development
- Options to accelerate investment and funding - getting to the front of the queue
- Technical and commercial options
- Procurement and project delivery

Likely that early funding will go to Authorities with shovel ready projects

We would be delighted to discuss your digital infrastructure needs so please do call or email us.
